

# It's a Toilet, **NOT** a Trash Can!

Never flush the following items  
or put them down the garbage disposal or drain.

**Toss them in the trash instead.**

- Baby/Facial/Cleaning Wipes
- Tampons/Sanitary Napkins
- Medication
- Hair or Dental Floss
- Cotton Swabs/Balls
- Bandages, Rags or Towels
- Fat, Cooking Oil, Grease
- Syringes
- Cigarette Butts
- Kitty Litter
- Diapers

# Attention: Capon Bridge Sewer Customers

## **NO!!! Fats, Grease and Oils!**

We have all been guilty of rinsing grease from supper down the drain, but it's okay if you do it as long as you rinse with hot water afterwards, right?

**NO!!!** All you are doing is pushing that grease further down the pipe, to eventually cool and congeal, creating an impenetrable buildup of fatty lipids to restrict proper drainage.

We are in the process of tracking down the source(s) of high levels of grease and oils in the wastewater system.
